

"P-l-a-s-t-i-c"

adapted from the song "Respect"

What we need
Students, you know it
What we need
Students should show it
All we're askin' is—for a little...
Respect for our campus
Hey kids...for our campus
Yeah kids...for our campus
Respect for our campus

We're not going to drop straw wrappers
Plastic litter goes out to the sea
All we're askin' is—for a little...
Respect for our oceans
Hey kids...for our oceans
Yeah kids...for our oceans
Respect for our oceans

We sold juice bottles for some money
And all we're askin' in return...honey
Is to use them—no more box drinks
When you go to school
No more box drinks when you go to school
No box drinks when you go to school
No box drinks when you go to school

[instrumental break]

We're not going to drop straw wrappers
Plastic litter goes out to the sea
All we're askin' is—for a little...
Respect for our oceans
Hey kids...for our oceans
Yeah kids...for our oceans
Respect for our oceans

P-L-A-S-T-I-C
Keep it out of every sea
P-L-A-S-T-I-C
Litter affects you and me

Oh recycle, reduce, refuse, reuse, rethink
Recycle, reduce, refuse, reuse, rethink
Yeah kids
A little respect for our oceans
No more box drinks for our campus
A little respect for our oceans
No more box drinks for our campus

Oh recycle, reduce, refuse, reuse, rethink
Recycle, reduce, refuse, reuse, rethink
Oh recycle, reduce, refuse, reuse, rethink
Recycle, reduce, refuse, reuse, rethink
